Edwin Sandbeck Dies Unexpectedly

The grim harvester, Death, has been in our midst and taken one of the Dina young men, just as he was merging into manhood.

Edwin Sandbeck, died Sunday evening at 6 p.m. September 26th. His sickness being of but five days duration. His death came as a great shock to his widowed mother and the rest of the family, for although the sufferer was being cared for it did not appear that the sickness was so serious. The long distance to town and poor telephone service making it impossible to get help in the end.

Much sympathy is felt for Mrs. Sandbeck, who arrived, a recent widow, some eight years ago, in her present bereavement. The lad had been a great help to his mother during the past few years and his loss will be most keenly felt.

Dr. Folkins conducted a post-mortem examination and advised the authorities that it was unnecessary to hold an inquest.

The funeral service will be conducted at Zion church, Dina, Wednesday, September 29th.

Chauvin To Have Skating Rink

Chauvin will have a skating rink this winter if the hearty sentiment expressed at the meeting last Tuesday night justifies into action, as it seems most probable it will.

No less than 25 persons were present at the meeting in the Union Bank Chambers, Mr. J. Guthrie occupying the chair.

It was decided to commence to sell tickets at once and to arrange the necessary preliminaries with a view to having a rink in good running order for a complete season.

Tickets may be obtained from the committee: Misses Freeman, Rodden and Dyve.

The next meeting will be held tomorrow, Thursday September 30th at 8 p.m. in the Union Bank Chambers.

ARTLAND ARGUS

Mr. MacRae of the Galvin Lumber Yards, reports that for some time past business in their line has been, and still continues to be, especially active.

On the 3rd of October the 24 hour system comes into effect on the G.T.F.

There will be changes in the passenger and mail time tables from Artland, notice of which will appear in due course.

An enthusiastic wild fowler tells us that ducks, this season are plentiful, but small.

That doesn't matter, if they taste "good" all right.

Prairie chicken also promise excellent sport both as to quantity and quality.

Mr. Laborde has been in charge at being on a visit to Ribstone.

If your horses have Bots—and its pretty safe betting they have—lose no time in giving a treatment of One dose guaranteed to do the trick. The only known remedy that will.

SHY AND SILENT IS NEW MULTIMILLIONAIRE WHO INHERITED \$50,000,000 FROM E. F. SEARLES

Arthur Walker, the business secretary to William Edward F. Searles, of Chicago, Illinois, the fortune estimated at \$50,000,000 which Mark Hopkins invested from the Union Pacific Railroad is exceedingly camera shy. He has thus far evaded the news photographers and this is one of the first photos of him since he stepped so unexpectedly into the fortune of a Midas. It is estimated that his income is about \$10,000 daily.

Two Men Fined For Carrying Weapons

Steve Basmuick, section foreman at Butze was fined \$10.00 and costs for carrying a gun contrary to section 122 chapter 146 of the Criminal Code of Canada. The information was laid by Constable Holtsbaum, and the case given hearing by A. E. Keith, J.P., and L. E. Roy, J.P. in Chauvin on Friday September 24th.

Chris Sigurdson was, the same day, fined \$5.00 and cost for carrying a revolver without a permit, contrary to section 118, chapter 146 of the Criminal Code of Canada. Complaint was laid by Steve Basmuick and the case heard by A. E. Keith, J.P.

Here And There

On September the twenty-fifth, when the wind was blowing forty miles swift. Four hunters brave from Chauvin finding provisions scarce for the oven. Collected their guns and munitions, filled up their belts in addition. Cause to be scarce when geese were so numerous, for hunters like those would really be humorous. Each man to the wheel of Dodge, Chevrolet and Fords, reserving back seats for the coveted birds. Away they went for the hunter's paradise, guided only by their trusted guide's advice.

THE NEXT MORNING With eyelids heavy and worn With trousers almost in rags Four hunters dejected and forlorn Came up the street with empty bags Says Harry to the Reeve, In quite a peeve "What do you think of it? Don't this beat the deuce?" Says the lawyer to Giff, With a sarcastic sniff: "Goose! Goose! Goose! Goose!"

Mrs. Sadlier is visiting friends in Chauvin this week.

Mr. George Beatty arrived from Golding, B.C. on Sunday.

Chauvin Crops Heavy Grades Mostly No. 2.

In looking around the country side this fall we are gratified to see the busy threshing machines everywhere and with the return of a nice crisp weather after the recent storm has enabled these to get busy again. We were struck with the large number of threshing machines to be seen and hope that they will always have sufficient work to do.

The quality of the grain is good, by that we mean that by far the largest portion is grading No. 2.

In some of the northern localities there are fields that were touched by frost and some which would otherwise have been good grain has been slightly frozen.

We tried to find out in what direction the best crops lay but they are coming from north, south, east and west and we cannot decide which district has been favoured.

A fair estimate of the grain coming into Chauvin; wheat, that is would be about 250,000 bushels; and including the Butze and Ribstone districts should amount to over 600,000 bushels—there are however, good authorities that place a large figure on their estimate.

The majority of the wheat coming in is grading No. 2. We are certainly better off this fall and already we hope for great things next year.

The oat crop too, has been pretty satisfactory, although the quality of the crop, but we can safely say that 30 to 34 bushels per acre is a good average for wheat and oats correspondingly heavy.

Ribstone Fair Was Successful Event

Ribstone Fall Fair, held on Saturday September 25th proved an unqualified success both in regard to the exhibits and also sport events.

Competition in all classes was keen and of such excellent quality that the judges task was no sinecure.

In the Domestic classes the exhibits were numerous and of excellent quality. Vegetables also deserve special mention for variety and excellence. Specimens of needlework, knitting, crochet and other fancy work shown were very good.

The school exhibits were very good in all classes, as were also the school gardens reflecting credit on both teachers and scholars.

A very good program was provided the star event being the "Tug-of-War" by the ladies.

A booth was provided and lunches were served all day by the Institute members.

The members of the Institute are to be congratulated upon the way in which they took care of the visitors and judges.

In every item the Womens Institute Fall Fair was a great success.

Dance: Friday Night

Who is going to the Goose-Hunter's Dance, Friday night. There will be a good time for everybody who turns out to this. Don't bring a goose, a dollar will admit you and a lady.

This dance will be held in the Odd-fellow's Hall and conducted by a committee of local gentlemen. There is talking of organizing a dancing club—so don't miss this—Friday, October 1st.

FIRST STATUE TO PILGRIMS MOTHERS TO BE ERECTED IN PLYMOUTH, MASS.

The model of "The maid of 1620" statue in memory of the pilgrim mothers will be erected in Plymouth, Mass. in November. In connection with the opening of the Trecentenary of the landing of the Pilgrims in Plymouth. The statue is the first in honor of the women of the Mayflower.

The figure will be of bronze and will stand six feet eight inches high. It is the work of Henry H. Kitson, a well-known sculptor of Boston.

Interesting Program

The following interesting program has been handed in with a request to the editor to publish same. We can only add that we are pleased to do so and hope that everybody will have a good time at this Ultra-Chataqua.

1. Five minutes of real hard talking on "Dairying, Cream Culture, Upkeep of Herd and so forth." By Mr. Hankus Quam, the silver tongued orator from Grand Forks, North Dakota.

2. Very Humorous reading entitled "The Fitting of the Chink" by Mr. Luther Burbanks Leach.

3. Short address on "Giving the Farmer Good Short Weight." by Mr. Cyril Stuart Unity's popular Boy Scout.

4. Song (by special request) "How Dry I Always Am" by Wee Shimmie Guthrie, understudy of the immortal Harry.

5. Song "Bringing In The Cream" by The Sweet Singer of Sad Songs—Mr. Hankus Quam.

6. Short address on "How to Acquire a real French-Canadian Connection that will stand the test of time" by Liverpools favorite son, J. Felix Pearce.

6. Song: "Away We Go Cheek by Jaw" by The Farmers' Friend; Mr. Cyril Tough Wheat Stuart.

Address: "The Clothing of the Human Race" by the tip-top-tailor Mr. Luther Burbanks Leach.

9. Recitation: "On the Trail of the Lonesome Goose" by Canada's favorite goose hunter, Joe McKenzie.

12. Farewell Repartee: "Shells, the Manufacture of, Sale of and Explanation of the Preservation of the Wild Life of the Country" by Chauvin's famous window cleaner and walking model, Slippery Sam from Settle (Mr. Murray).

A party of Rebekahs visited Edgerton Rebekah Lodge on Tuesday.

The Spelling Bee

The proposed spelling match between the Edgerton pupils and those of Chauvin will be staged at an early date. The idea has been received with enthusiasm by the Edgerton folks. Mr. Ronald Hulland, principal of the Edgerton school has written to Mr. C. Law, principal of the Chauvin school suggesting Saturday, October 2nd as a suitable date. In discussing the source from which the words might be taken, he suggests that the words be selected from current issues of The Chauvin Chronicle. This suggestion is regarded by favor with Mr. Law, not only because the idea emanated from the editor, but because words of common parlance only are used therein.

It is also suggested that a basketball match be arranged on the same date. The Oddfellows have granted the use of their comfortable and commodious hall for the occasion, and a number of public minded men are going to help make this a really "Star" day in the history of our local scholars.

It is to be hoped that someone will come forward and accept a Challenge of Shield which could be a real object of an annual competition.

The date will be definitely announced at the earliest possible date, and full particulars placed before the public. Meanwhile give this a boost and complete the boost by being present at the spelling match.

Navy League Appeal: Wants \$50 From Here

October 18th. to 25th has been set apart throughout Canada for a special appeal in the interest of the Navy League and their work for the sailors and the Boys of our Country.

You have been appointed a member of the committee for your district, and we trust you will do all in your power to assist us in raising the quota apportioned for the province of Alberta, namely, \$30,000.00. This is not a very large sum for us to raise, considering the work done by the Navy League during the past few years.

Your district has been asked to raise the sum of \$50.00, and I think that you will agree with me that this is not a very large sum, and that it can be easily raised if each will endeavour to do a little. Of course if the amount raised is larger so much the better.

There are many ways that we might suggest as a working basis. Special Collections, Concert, Dances, School Children, Villages and Municipalities being asked for grant, etc. All those contributing \$2.00 and over will be made members of the Navy League and receive buttons of membership.

I am sending you under separate cover, a copy of our New Booklet, "A League of Nation Builders" and would urge that you read this carefully over. It will give you full information regarding the work done for the men of the sea during the war, and also something about our work for the boys throughout Canada.

The nature of the work is such that it appeals to every man, woman and child. The League has accomplished a wonderful work in caring for the orphans of the Merchant Marine men who were killed during the war; their Institutes for Seamen in Canada and Overseas etc. During the coming years we feel that one of the greatest opportunities will be that of the work for the boys of our country, and to carry on all our activities we must have funds. To secure funds we ask the whole-hearted co-operation of all your people.

The following have been asked to serve on the Committee with you:—D. W. Parsons, Chairman; A. E. Keith; A. C. Gifford; J. Guthrie; D. McDonald; A. Ferguson; T. H. Saul.

Yours truly
A. J. IRVINE,
Secretary-Treasurer

Now a Complete Truck

HEREAFTER Ford One-Ton Trucks may be bought complete with bodies and cabs, ready for the road.

The body as well as the chassis will be planned to give Ford service.

This will insure the utmost efficiency from the Ford Truck; give the purchaser Ford value in every part of his truck; produce better bodies at lower prices.

Two types of Truck bodies, the Stake and the Express, will be kept in stock, set up, painted

(or in the lead) and ready for prompt delivery.

They have oak floors, sills of seasoned hickory and specially designed forgings and castings.

The construction at every point provides for rough usage such as every truck is bound to get. Both bodies have closed cabs to protect the driver.

These cabs have sliding windows and two-way, double tilting windshields.

Call and learn what it will cost to use these complete trucks in your business. Look them over carefully. See how they outclass other trucks in every detail.

A Birds Eye View

By RUSTICANA

Now that the stooks are gradually becoming metamorphised into straw stacks we may expect many Knights of the white Collar to become alive to the fact, that the farmers' greatest need is a player piano,—a car—a complete set of Somebody or others' famous works,—a gramophone or a suite of furniture. Kind ladies if the pencil pushing variety who stay in the city and write sympathetic but ignorant little articles on the woes of the average farmer's wife, will also soon be instructing those farmer husbands to get "Her" that washing machine, that running water system' that new house, etc which she has been needing so long. But sometimes when we read some of those well meant but ignorant-of-the-real-facts articles by city folks, or listen to them trying to tell us the things we really need,(the same being generally things we can rub along without) we are tempted to wonder what would become of the cause of production, and incidentally our creditors, if we started livening up the home, and lightening the house work with musical instruments, and Hoover vacuum cleaners etc., instead of clearing off our obligations. Luckily however the real farmer has a

strong regard for putting first things first despite the lashings of good advice with which he is deluged. We believe in brightening up the home just as much as the penpushers do, but we also believe that the fellow who does it at the expense of another fellow is a half brother to a robber.

We notice the Leader of the Opposition is coming West to make a few speeches, and doubtless many promises. That will surely give some of our city newspapers something else to fill up the front line space just now occupied in giving latest symptoms of a person who fancies himself a martyr when his greatest trouble is that he has been born with a strong suicidal tendency. In any case whether he lives or dies as the result of his folly is no concern of Canada's. Surely we've got troubles enough of our own to get all worked up about. The fellow who said "Many people who claim they want justice are lucky if they don't get it",—said "something" alright.

If the Board of Commissioners now listening to the views of the manufacturers and others on the subject of the tariff have any sense of humour they must be having lots of "smiles" these days. For instance here is President Findlay of the plutocratic

Massey-Harris Co. getting up and solemnly assuring them that "Really free trade y' know would be better for OUR business, but for the economic good of Canada the tariff ought to be retained, yea heightened! If the Tariff Commissioner didn't find that funny, you can bet the farmers do!

"How does he expect that a person of ordinary—just ordinary intelligence is going to believe such balderdash?" We remarked to an Easterner who was sojourning with us.

"They fall for it in Toronto, just the same," said the Easterner. "Fellows make speeches like that all the time and nobody ever cracks a smile, or utters a sceptical "Hear Hear unless maybe a U.F.A., thinks out loud by mistake."

"But they know how to manoge ashamed of himself. The band starts playing patriotic airs, Sir George Foster is always around in case of emergency with a silvery stream of patriotic flim-flam on top, somebody else waves a flag, and everybody gets in a fine glow of cheap patriotism. It costs them nothing, and they think they're helping to "shoo" away the bogey of annexation." "But," said we "The price of farm implements has no need to rouse either gurgles of patriotism or fears of annexation. The only annexation it concerns is the extra annexation of the farmer's profits by customs tariff" "Sure I know that, and so do our U.F.O. fellows but there's none so blind as those whose pocket books are in danger," said our friend meaningly. "The only thing that will convince some of our Eastern Nabobs of the error of their theories, would be for them to become farmers, but you may have noticed that that is the one game they have no desire to take a hand in. The winnings are too paltry."

BEAUTIFUL COSTUME WORN AT FAREWELL DINNER TO PRINCE CAROL, TO BE SOLD TO AID RUMANIAN RELIEF

This beautiful national costume, which was once the property of the Princess Cuza, of Rumania, is to be sold in aid of the Rumanian Relief Committee. The gown is the property of Mrs. Malke Clar, noted as a social worker in New York. Twenty-eight years ago the gown was presented to Mrs. Clar by the Mother Superior of a Rumanian convent, whom Mrs. Clar had saved from an injury. It was brought to this country by Mrs. Clar and remained in storage until recently when it was worn by Miss M. Clar, Secretary to the Rumanian Consul in New York, at the farewell dinner given to Crown Prince Carol of Rumania at the Hotel Astor. Mrs. Clar is shown wearing the beautiful costume which is probably the finest of its kind in this country.

Ribstone Notes

The Ribstone Fall Fair proved a good success in spite of the cold day.

We are glad to be able to report that Mr. James Williams is up and around again.

Mr. A. Williams returned from Winnipeg on Friday. He took a carload of cattle there last week.

Mr. Hawkins was the first man to bring a load of wheat to Ribstone this fall.

Mr. and Mrs. John Hilker and son are visiting at Mr. Alex Cliffords.

We are sorry to report that Mr. Victor Dallyn is ill.

Mr A. Peterson returned from Edmonton on Thursday and reports that Mrs. Peterson is not very well.

We are very glad to see Mrs L. L. Pound back again and hope that her health will continue to improve.

Miss A. E. Cooke is again visiting Ribstone.

The Ribstone Oriole girls expect to serve a lunch next Saturday.

We notice that noisy car has left town and a new one has taken its place.

Miss Laura Etson was on town Saturday evening.

Among the visitors in town last Saturday we noticed Mrs Roy, Mrs Farrels, Mrs Folkins and Mrs Saul.

We noticed a load of grain stuck on the way to town the other day. Was it owing to the heavy load or the heavy roads?

The Misses Tressa Dallyn and Essa Morrison are working in John Dallyn cook car.

Considerable business in grain and lumber is being done these days.

The "Melatone" is the newest thing in the perfect reproduction of music. It will only take you a few minutes to hear the Melatone play a Victor Record and you will agree that this beautiful Mahogany Cabinet machine is the best \$118.00 worth you could have in your home.

We give a written guarantee for one year with every Melatone we sell and the price is not much over half what other hogh grade machines are selling at.

The Melatone plays any disc record made. We have one in stock for your inspection and it costs you nothing to examine it at

3D FARM BUILDINGS PAY

Whether you are going to build a house, barn, or just a little chicken coop, it pays to build well. Good buildings not only last longer, but add to your profits and increase the market value of your farm. Take the matter of the poultry house. Hens will lay more eggs in warm sunny houses than in cold, drafty, dark sheds. So whether you have only a few hens or a hundred it pays to have a good hen house. Our 'Build by Plan' method saves time and money. Come in and let us tell you about it.

PRICES TOBOGGANNING

As high as seven dollars per day is being paid this season for threshing crews. With wages two or three times what they formerly were and men doing half or one-third as much work in a day as they used to, a good many people are being to wonder where the whole thing will end and what will happen when the irreducible minimum is reached as regards the amount of work done in a day and the absolute maximum of wages is attained. We do not know the answer. Just now we are all more or less money mad, the humble farm hand included. Signs are not wanting that the peak in high wages and in high prices has about been reached. What will happen when we start down the other side is problematical.

About all any of us can do is wait and see. According to many experts called "business statisticians" we will not have much longer to wait to see what we shall see. These experts have been giving out gloomy forecasts for some considerable time. The average date they seem to agree on as the beginning of the end of this high prices era, is the spring of next year. By that time, they aver, prices will be tobogganning.

TAX RECOVERY ACT

Important Notice

To all parties whom it may concern.

Take notice that the provisions of the Tax Recovery Act are operative for the year 1920 within the bounds of every municipality, urban and rural, and every Improvement District of the Province of Alberta.

The land will be advertised for sale as soon after August 14th as possible, by the Municipal taxing authority and on the day and hour and at the place mentioned in the advertisement, will be sold for the taxes in arrears as of date December 31, 1919, together with the costs. Owners, mortgagees, encumbrances, and any other interested should communicate with the municipal authority levying the tax. The arrears and costs may be paid up to the time of sale and after the sale there is one year for the redemption of the land.

"A WOMAN'S A WOMAN"

FOR A THAT
Miss Laura Browell, after breaking an air record by looping the loop 87 times, took out her powder puff and nonchalantly powdered her nose. The establishing of this record marked the dedication of the Curtis Aerodrome formerly known as Hazelhurst Field and used by the United States army fliers during the war. Miss Bromwell went up more than 10,000 feet before she started on her record breaking descent. She was aloft an hour and fifteen minutes, and was alone in her machine. She received her pilots licence a year ago. She is twenty three years old.

And after we have all got set and everybody willing for a reduction in the price of living—gradual, but certain—also comes the increase in the freight rates and kicks over all our hopes to pieces.

LOSS TO THE FARMERS

H. W. Woods, president of the United Farmers of Alberta, is authority for the statement that the farmers in Western Canada are losing more by the abolition of the Canada Wheat Board than enough to make up for the added freights caused by the increase in the railway rates. He proceeds to estimate the loss to the western farmers by the increase in freight rates at something like \$40,000,000 annually, which is an enormous amount of money.

The saving by the Canada Wheat Board would more than up for this vast amount, which has to come out of the western farmer.

This estimate is made up by a man who knows the inside of the wheat board because he was a member of that body. He is a practical farmer. His statement is an astonishing one. In simpler form it means that the farmers of Western Canada are losing more than \$40,000,000 because the government is unwise enough, for no very good reason to abandon the wheat board.

This is a serious condition of affairs and one which should receive the utmost consideration by the parties interested.

FARMERS LOSE MILLIONS

BY THE INCREASED RATES

If the wheat board had been continued for another year the whole of the increased burden of freight rates on wheat from the western provinces to Fort William would have been more than offset by the saving effected by the economical marketing of the wheat harvest. Such was the opinion expressed by H.W. Wood, president of the U.F.A.

President Wood's estimate is based upon the official estimate published by the bureau of statistics at Ottawa of a total wheat yield of 258,000,000 bushels in the three prairie provinces. The average increase in the cost of the haul from the western provinces to Fort William is about 5½ cents.

President Wood estimated the loss on wheat owing to the higher freight rate at more than \$14,000,000 for the haul from the prairie provinces to Fort William alone.

"The increased costs to the farmers,

directly due to the higher freight rates on all grains and livestock, will be directly not less than from \$30,000,000 to \$40,000,000" he estimated "while indirectly the farmers will be as greatly affected as much as any other class of consumers"

"It seems too bad that the present government was not sufficiently interested in agriculture to respond to the request of the wheat growers of Western Canada by continuing the Wheat Board for another year as the saving which could have been effected by the economical marketing of wheat would without doubt have been enough more than to carry the additional burden of the freight rates on wheat"

On the cost of hauling oats Mr Wood estimates the added burden at about \$6,000,000 and the added burden on barley and rye at about \$4,000,000 making a total of upwards of \$24,000,000 on grain alone.

These estimates are, decided conservative, but Mr Wood makes allowance for the fact that a considerable

proportion of harvest of coarse gains is not shipped to Fort William, but is retained as feed in the west. If the whole of the oat crop were shipped to Fort William the burden of the increased freight rates would be in the neighbourhood of \$11,000,000 taking the official estimate of 556,000,000 bushels as the total yield, and the average freight rate at 3 cents a bushel.

"There may be some question as to how much justification there was for the increase" said he "but there can be no question at all about the tremendously heavy burden which it has imposed upon the people, and especially upon agriculture. At present prices grain, especially wheat, may not feel the burden very acutely just now but the prices of all livestock are sagging towards a pre-war basis, and undoubtedly this additional burden will have a very discouraging effect on the livestock industry."

PRICE DISCRIMINATION

Owing, it is stated, to the lack of cars on the Canadian National railways, a price of five or six cents a bushel less is paid for wheat bought at country points along the National railways in Alberta than for wheat purchased at points along the other railways. Other grains are also bought at a similar discount.

This circumstance has caused some thing in the nature of a panic among Winnipeg grain men, who fear that the government will close the market and introduce control again, in the interests of the government railways.

The circumstances have also become the occasion of a lively controversy between the members of the Winnipeg and Calgary grain exchanges. The Winnipeg members charged that the difference in prices constitutes discrimination against grain grown along the National lines. The Calgary grain exchange in reply pointed out that Winnipeg brokers along the C.N.R. lines would not purchase the grain at any price unless cars were available at the time for immediate shipment.

This buying of wheat at a discount along the C.N.R. lines is nothing new. A similar condition has prevailed for years and only ceased when the markets were closed. Two-thirds of the elevators along the C.N.R. lines are owned by firms whose head offices are in Winnipeg and these firms are no doubt buying at a discount owing to conditions along the C.N.R.

At the present time wheat along the National railways is bought on a November basis, and wheat on the other lines for October delivery. This is the circumstance which accounted for the difference in price

In the vestry after the marriage service, a North London clergyman reproved the bridegroom for his burst of laughter in church when the words of the service "With my worldly goods I thee endow," were reached.

The bridegroom replied: "Why bless you, I've only got this suit of clothes to endow her with! If I give them to her I'll have none for myself, and she can't wear them, anyhow."
